Foundation Skills Assessment

A goal of B.C.'s education system, supported by the family and community, is intellectual development – enabling our students to think critically, independently, and to acquire important skills and knowledge that will enable them to thrive in a rapidly changing world.

Literacy, and Numeracy (2023/24)

The Foundation Skills Assessment (FSA) is a set of literacy and numeracy tests administered each year to students in grades 4 and 7. In the 2021/2022 school year, reading and writing assessments were replaced with a single literacy assessment. The FSA is a valuable indicator of where individual students might have challenges in literacy and numeracy and can be used to help plan their education. It also provides a snapshot of how our education system is meeting the needs of students in these key areas.

Graduation Assessments (2023/24)

Provincial Assessment results are displayed for:

- Grade 10 Literacy Assessment
- Grade 10 Numeracy Assessment
- Grade 12 Literacy Assessment
- (Introduced in 2019/2020)
- (Introduced in 2017/2018)
- (Introduced in 2021/2022)

The purpose of Graduation Assessments is to measure the extent to which students are literate and numerate and to provide students and educators with information about their proficiency. As part of the updated graduation requirements, students will have to complete two provincial assessments focusing on their demonstration and application of numeracy and literacy.

Completion Rates (2023/24)

The six-year completion rate is the proportion of students who graduate with a British Columbia Certificate of Graduation (Dogwood) or a British Columbia Adult Graduation Diploma (Adult Dogwood) within six years from the first time they enrol in Grade 8, adjusted for migration into and out of British Columbia. A six-year rate provides students with an additional year beyond the five years required to move through Grades 8-12.

Student Learning Survey (2023/24)

Every year, students in Grades 4, 7, 10, and 12, their parents, and all staff in B.C. public schools are invited to participate in the annual online Student Learning Survey (SLS) about their school experience. Results for elementary students (Grades 4 and 7) and secondary students (Grades 10 and 12) are provided.

Transition to B.C. Public Post-Secondary Education (data as of 2023/2024)

The following information shows the transitions of a cohort of B.C. resident students in this district, and:
How many of these students graduated from the B.C. school system by Fall 2019
How many of these students enrolled in a B.C. public post-secondary institution by Fall 2023*

* Note, these results do not include those who enrolled in private post-secondary institutions in B.C. or post-secondary institutions outside of B.C.

Questions to Consider When Reviewing Results

Some questions you might consider when reviewing information in this report include:

To what extent do the results align with what you expected to see?

How do the results compare with other information that exists?

What are areas of strength?

What areas may need further attention?

Where do you see growth over time?

What patterns do you see across particular groups of students?

What efforts are underway to support student success, and what role can you play?

We Value Your Feedback

The B.C. Ministry of Education and Child Care welcomes your feedback on this new way of displaying student information. Please send any questions, comments, or suggestions for improvement to educ.systemperformance@gov.bc.ca

Throughout this report, please note:

(1) **Indigenous Students:** students who have self-identified as being of Aboriginal ancestry (First Nations, Métis, or Inuit).

(2) **Students with Disabilities or Diverse Abilities:** when the Ministry of Education and Child Care reports on the total number and performance of students with disabilities or diverse abilities, all categories are included.

(3) **Transitions to B.C. Public Post-Secondary:** for more information, please refer to: <http://www2.gov.bc.ca/gov/content/education-training/post-secondary-education/data-research/student-transitions-project>
