Historically, immigration to B.C. has been the largest source of new students in the public school system. Other sources of students, such as incoming kindergarten students, movement between the public and independent school systems and between school districts are also incorporated into enrolment projections.

Foundation Skills Assessment

A goal of B.C.'s education system, supported by the family and community, is intellectual development – enabling our students to think critically, independently, and to acquire important skills and knowledge that will enable them to thrive in a rapidly changing world.

Literacy, and Numeracy (2023/24)

The Foundation Skills Assessment (FSA) is a set of literacy and numeracy tests administered each year to students in grades 4 and 7. In the 2021/2022 school year, reading and writing assessments were replaced with a single literacy assessment. The FSA is a valuable indicator of where individual students might have challenges in literacy and numeracy and can be used to help plan their education. It also provides a snapshot of how our education system is meeting the needs of students in these key areas.

Graduation Assessments (2023/24)

Provincial Assessment results are displayed for:

- Grade 10 Literacy Assessment
- Grade 10 Numeracy Assessment
- Grade 12 Literacy Assessment
- (Introduced in 2019/2020)
- (Introduced in 2017/2018)
- (Introduced in 2021/2022)

The purpose of Graduation Assessments is to measure the extent to which students are literate and numerate and to provide students and educators with information about their proficiency. As part of the updated graduation requirements, students will have to complete two provincial assessments focusing on their demonstration and application of numeracy and literacy.

Completion Rates (2023/24)

The six-year completion rate is the proportion of students who graduate with a British Columbia Certificate of Graduation (Dogwood) or a British Columbia Adult Graduation Diploma (Adult Dogwood) within six years from the first time they enrol in Grade 8, adjusted for migration into and out of British Columbia. A six-year rate provides students with an additional year beyond the five years required to move through Grades 8-12.
