

Data and information to **support** **parents and student learning.**

This report provides a comprehensive set of data and information about each school district in the province, highlighting intellectual, human and social, and career development.

Our mandate for the education system assists in the development of human potential and improves the well-being of every British Columbian. The B.C. school system develops educated citizens by supporting each student's intellectual, social, and career development while considering a wide range of information related to all of these areas.

Intellectual Development

Includes the ability to analyze critically, to reason, to think independently, and to acquire important skills and bodies of knowledge

Literacy and Numeracy	5
Grade-to-Grade Transition	7
Graduation Assessment	8
Completion Rates	9

Human and Social Development

Includes developing a sense of self-worth and well-being, personal initiative, social responsibility, and a tolerance and respect for the ideas and beliefs of others.

Student Satisfaction	10
--------------------------------	----

Career Development

Includes preparing students to attain their career objectives and to develop effective work habits and the flexibility to deal with change in the workplace.

Post-Secondary and Career Development	11
Transition to B.C. Post-Secondary Education	11

When reviewing district results, it is important to consider various factors that can influence student learning.

Community demographic and student enrolment information is provided to help inform local planning and continuous improvement efforts.

The grey band represents **the typical range across B.C. (middle 50% of all school districts)**

The orange band shows this district's **typical range over the past five years (middle 50%)**.

The yellow dot shows **the most recent result** for this school district

The orange line represents this school district's **whole range over the past 5 years**.

Enrolment

Enrolment counts include the records of all adults and school-age persons who are enrolled in the B.C. K-12 Public School system, based on September 30th data collection. Registered homeschooled children are not considered an enrolment.

Enrolment Projection

The ministry generates estimates of future enrolment growth for the province and each of the school districts, leveraging internal enrolment data and external data sources like BC Statistics and Statistics Canada. Projections for both Student Headcount and Funded FTE are produced to inform future project planning and funding decisions.

Projected 10-year change (All students)

Historically, immigration to B.C. has been the largest source of new students in the public school system. Other sources of students, such as incoming kindergarten students, movement between the public and independent school systems and between school districts are also incorporated into enrolment projections.

Foundation Skills Assessment

A goal of B.C.'s education system, supported by the family and community, is intellectual development – enabling our students to think critically, independently, and to acquire important skills and knowledge that will enable them to thrive in a rapidly changing world.

Literacy, and Numeracy (2022/23)

The Foundation Skills Assessment (FSA) is a set of literacy and numeracy tests administered each year to students in grades 4 and 7. In the 2021/2022 school year, reading and writing assessments were replaced with a single literacy assessment. The FSA is a valuable indicator of where individual students might have challenges in literacy and numeracy and can be used to help plan their education. It also provides a snapshot of how our education system is meeting the needs of students in these key areas.

Graduation Assessments (2022/23)

Provincial Assessment results are displayed for:

- Grade 10 Literacy Assessment (Introduced in 2019/2020)
- Grade 10 Numeracy Assessment (Introduced in 2017/2018)
- Grade 12 Literacy Assessment (Introduced in 2021/2022)

The purpose of Graduation Assessments is to measure the extent to which students are literate and numerate and to provide students and educators with information about their proficiency. As part of the updated graduation requirements, students will have to complete two provincial assessments focusing on their demonstration and application of numeracy and literacy.

Completion Rates (2022/23)

The six-year completion rate is the proportion of students who graduate with a British Columbia Certificate of Graduation (Dogwood) or a British Columbia Adult Graduation Diploma (Adult Dogwood) within six years from the first time they enrol in Grade 8, adjusted for migration into and out of British Columbia. A six-year rate provides students with an additional year beyond the five years required to move through Grades 8-12.

Student Learning Survey (2022/23)

Every year, students in Grades 4, 7, 10, and 12, their parents, and all staff in B.C. public schools are invited to participate in the annual online Student Learning Survey (SLS) about their school experience. Results for elementary students (Grades 4 and 7) and secondary students (Grades 10 and 12) are provided.

Transition to B.C. Public Post-Secondary Education (data as of 2022/2023)

The following information shows the transitions of a cohort of B.C. resident students in this district, and:
 How many of these students graduated from the B.C. school system by Fall 2018
 How many of these students enrolled in a B.C. public post-secondary institution by Fall 2022*

* Note, these results do not include those who enrolled in private post-secondary institutions in B.C. or post-secondary institutions outside of B.C.

Questions to Consider When Reviewing Results

Some questions you might consider when reviewing information in this report include:

- To what extent do the results align with what you expected to see?*
- How do the results compare with other information that exists?*
- What are areas of strength?*
- What areas may need further attention?*
- Where do you see growth over time?*
- What patterns do you see across particular groups of students?*
- What efforts are underway to support student success, and what role can you play?*

We Value Your Feedback

The B.C. Ministry of Education and Child Care welcomes your feedback on this new way of displaying student information. Please send any questions, comments, or suggestions for improvement to educ.systemperformance@gov.bc.ca
